

UPCOMING RELEASE

- 20th December 2019

Fidget Music To Release

RIA D Trust / Everything EP

Fidget Music, in partnership with Lady J's Artists, will be finishing strong in 2019, as they proudly present 'RIA D' a multitalented rising star singer, songwriter, producer and DJ.

RIA has delivered a body of work in the form of a release EP which is quite special, having something for everyone, whether the 5 Am crowd or be it a more commercial vibe. Supported by some excellent remixes, this release pack showcases not only RIA D's Lyrical, and composition skill but also her vocal performance as well.

The EP consists of RIA's original 'Trust' a tried and tested House style mix, as well as a funkier vibe of 'Everything' Featuring Lauden on vocals. These two tracks, with a bonus remix of each, combine into what could be considered a AA release EP.

Red Snapper delivers a darker groove remix of the 'Trust' track, with big beats and deep bass to shake the room, complemented by vocal loops and percussion elements which will appeal to those clubbers who like to dance into the early hours.

Ste Essence has delivered a sensational remix of 'Everything' tapping in to the fresh house vibe, which is reigniting club and Radio scene alike. Ste's signature uplifting piano and pad elements mix beautifully with an outstanding vocal arrangement to make this an absolute no brainer in any DJ, or Radio host's set. It is sure to claim plenty of Air time.

The release EP will be available on 20th December on all major download and streaming platforms. Just in time for the festive season parties.
